LITTLE RIVER – FUN FURNITURE

BLUPUFFIN DESIGNS products are guaranteed to the original purchaser to be free of defects in materials and workmanship for the length of time specified. This warranty applies under conditions of normal uses and does not apply to defects resulting from negligence, misuse, accident or abuse. The purchaser will be responsible for packing and shipping cost to and from the factory or service depot. This warranty does not extend the manufacturer's warranty on any of the components used. **BLUPUFFIN DESIGNS** will not honor any other warranty expressed or implied.

To obtain benefits of this warranty, you should contact the dealer from whom you purchased the merchandise. **BLUPUFFIN DESIGNS** obligation under this warranty is limited to repairing or replacing any parts of the product found to be defective in material or workmanship, within the following criteria:

CONSTRUCTION:

Our furniture is built using furniture grade ¾" plywood. Vertical surfaces are padded with ¾" foam, while all seating is padded using HR foam. This is one of the highest quality, longest lasting foams available. The floor panels are built with ¾" OSB, 2" HR foam, and a layer of ¾" polyester before being upholstered.

FABRICS:

Rated "Heavy Duty", and designed for use in commercial and high traffic areas. The Floor Panels will be upholstered in "Solo", a material made by Momentum Fabrics.

The Log, Stump, and Boulders will be upholstered in "Hue" also by Momentum. The river and Toadstools will be upholstered in "Spirit Millennium", a Naugahyde brand vinyl made by Uniroyal

CUSHION components

Five (5) Years FORME FURNITURE FACTORY seating consists of high quality foam cut to precise specifications and wrapped in layers of polyester fiber for exceptional comfort. Cushions are warranted against loss of resiliency. The loss of resiliency should not be confused with a slight softening and flattening of the polyester fiber and foam that will occur as a result of normal usage and aging.
